RE: Enthusiastic and Hard-Working Front End Developer

Dear Hiring Manager,

In my pursuit of new creative endeavors, I was excited to find the Front End Developer opportunity with Google. As a progressive professional with debugging experience, I believe that I can bring valuable contributions to your team.

Identifying innovative approaches and improved solutions to business challenges both motivate and drive me. Observation, inspiration, and determination are my foundation for success. My philosophy is that introducing fresh perspectives and new techniques allow businesses to evolve and grow. Similar to Google, my goal is to remain on the cutting-edge of advancements.

Formerly in my Front End Developer role, my successes have stemmed from essential skills, including UI updates and programming. I have enhanced my innovation abilities and cultivated a reputation as a major contributor through communication and time-management. I am a collaborative team player who is always searching for opportunities to impart valuable insights. With these qualities, I am able to facilitate positive change and impacting outcomes.

For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

Abdillah Mufki Auzan Mubin
